

SEPTEMBER 2020 SPECIALS - STARTS TODAY!!!

IPL Photofacial

(1) for \$115 or
(3) for \$300
(face or neck)
(Reg. \$250)

Photofacial, also known as photo-rejuvenation, is another name for IPL Therapy. It uses intense pulsed light to treat skin with sun damage, hyperpigmentation (brown spots), Rosacea and/or excessive redness.

Erbium Laser Peel

(1) for \$95 or (3)
for \$255
(face or neck)
(Reg. \$199)

The Erbium Laser Peel is a controlled resurfacing peel that is noninvasive and requires only a few days of downtime. It is a minimal to full epidermal laser peel that precisely removes the damaged outermost layers of the skin while promoting the growth of collagen. The Erbium Laser Peel exfoliates your skin's tough, dull outer layer and reveals the healthier, brighter, and younger skin beneath. Great for shrinking the sebaceous oil glands which helps control breakouts.
